SPECTRUM AMERLITE (SAM)

The world's first submersible colour light for swimming pools and spas. The spectrum Amerlite delivers a nearly infinite palette of brilliant water colours. Custom mix a colour to match the evening mood or let SAM slowly waltz your pool from colour to dazzling colour. SAm delivers white light comparable to the 300W standard light. SAm colour synchronizes with other SAm and SALs.

Spectrum Amerlite SAM

Reference	Description	Euro
3011011838	SAm 12V. 150W 5m (15') cord	880
3011011839	SAm 12V. 150W 15m (50') cord	925

Niches for SAm

Reference	Description	Euro
3011031874	SS niche with 3/4" side hub, for CONCRETE pool	91,02
3011011887	Large PVC niche for CONCRETE pool	69,30
3011031885	SS niche with 3/4" side hub, for LINER pool	186

SPECTRUM AQUALIGHT (SAL)

Now you can enjoy the SAm effects in your spa. Spectrum Aqualight produces the same 7-colour spectrum as SAm but in a compact package. Same breathtaking colour at the flip of a switch, just like SAm.

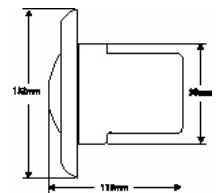

Spectrum Aqualight SAL

	Transformer	
3011002157	Transformer 300W - 220V / 12-13-14V	253

AQUALUMINATOR

AquaLuminator is the combination of an underwater light and a water return. This light fits the existing water return hole pre-punched by most above ground pool manufacturers. No longer necessary to cut a hole in the side of your pool (which renders most pool manufacturers' warranties void), or to hang lights from the side of your pool.

CE APPROVED

Reference	Description	Euro
3011041868	Aqua luminator 240V 50Hz	199
3011041869	Hole saw and plug	39,12
3011041870	Replacement bulb	47,44
3011041981	Pressure cleaner adapter	40,63
3011041982	Fountain attachment	40,63
3011041983	Hard plumbing adapter	4,24

LED LIGHTS

Lucy Pool

LED underwater light for pools.

No large niche needed, just a universal wall flange and a return for liner are sufficient. (not included)

Lucy Pool, with 6 or 15 Super LEDs of 1W each, IP 68 with a maximum immersion of 2m and a standard cable of 2,8m. Light angle beam of 20°, 55° or combination of both possible. Each single 20° LED provides 350 lux at 1 meter, a 55° LED provides 40 lux at 1 meter. White ABS front flange with brass ring nut and fixing accessories for 1" ½" threaded pipe. The 6 and 15 LED Lucy Pool are also available in different colour LEDs – Blue – Red – Green – Amber.

RGB LED (Red, Green, Blue) with a change colour dispositive- combination available in version of 9 LED - RGB with 20° or 55° in 21 LED - also available combination of 20° and 55°.

A specific DDS driver is needed to operate RGB LED. On each DDS1 driver you can connect up to 75W, meaning 3 x Lucy Pool 21 RGB. If needed you can increase to 300W on a DDS4.

Lucy Pool 6 - IP 68 6W 12 V 20° or 55°

3072006984	DDS4 driver 300W	on demand

Remote Control for Lucy Pool

Reference	Model	LED colours	Euro
3072006985	TXDMX	Remote control for Lucy Pool RGB	1143

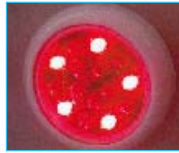

RGB

The RGB versions of Lucy Pool and 180 ALP underwater spots are equipped with Super LEDs in the three fundamental colours red, green and blue. A RGB needs a specific driver to operate the different colours.

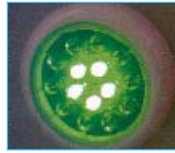

Driver has to be ordered separately in accordance with the number of LEDs or the number of spots used.
