Electrical box Detente

- ABS box IP55
- Hinged door

Dimensions: 300 x 220 x 130 mm

Reference	Description	Euro
	Dimensions: 300 x 220 x 130 mm	
3057016445	Filtration control box with transfo 300 VA	224
3057016446	Filtration control box with transfo 600 VA	246
3057016447	Filtration control box with vacuum cleaner and transfo 300 VA	347
3057016448	Filtration control box with vacuum cleaner and transfo 600 VA	377

Electrical box Nautilus

- Box in Polycarbonate IP65
- Hinged translucent door
- Disconnecter 10A
- Mono or Tri phase

Reference	Description	Euro
	Dimensions: 210 x 270 x 130 mm	
3057016449	Filtration	159
3057016450	Vacuum cleaner	159
	Dimensions: 550 x 270 x 130 mm	
3057016451	Filtration + vacuum cleaner + 1 underwater light 300VA	254
3057016452	Filtration + vacuum cleaner + 2 underwater lights 300VA	287
3057016453	Filtration + 1 underwater light 300VA	389
3057016454	Filtration + 2 underwater lights 300 VA	417

**Simplified Electrical box (CE)**

Reference	Description	Euro
3060016917	Electrical box for above ground pool IP55 with disconnecter 10 A - Cord 2 meter - clock	138
3060016921	Electrical box for inground pool IP65 with disconnecter 10 A - mono or tri phase	148

CONTROL SYSTEMS

The dream of every customer is to have their pool or spa waiting in perfect condition whenever they are ready to enjoy them.

Compool CP3800T

Pool / Spa control system with power center. Designed for use with pools and spas that share a common filtration system.

Reference	Description	Euro
3015022045	Compool CP3800T	3328

Compool CP3810S

Pool / Spa control system. Designed for use with single body of water (pool only or spa only)

Reference	Description	Euro
3015032047	Compool CP3810S	1461

CVA24 Valve Actuators

Designed for use with 2-port and 3-port valves. Features maximum torque, 24VAC bi-directional motor.

FEATURES

- Prevents dead-heading of pumps
- Corrosion-proof enclosure
- Includes 5m (15') cable
- Service switch (for flow direction)
- Operates Compool, Ortega or Jandy Valves
- Compatible with all 24 VAC Control Systems

Reference	Description	Voltage	Cable	Rotation	Euro
3015052052	3-port Compool/Ortega/Jandy valves	24 VAC	3-wire 4,6m	180 deg.	464
3015052053	3-port Compool PTV2Y valve	24 VAC	3-wire 4,6m	120 deg.	377
3015052054	2-port Compool/Ortega/Jandy valves	24 VAC	3-wire 4,6m	90 deg.	377

INTELLITOUCH

*The smart system that makes pool and spa ownership even more relaxing and fun.
Easy programming, operates up to 40 pool, spa, landscape and water feature functions.*

Load center, the foundation of the system. Installed at the equipment pad, does not include control panels or circuit boards. Includes five 3 HP relays and a 115/230V circuit breaker base.

Reference	Code	3HP relays Std / max	Transformer Voltage	Size mm	Euro
3015052052	H-52-0137	24 VAC	110 V / 230 V	432 / 432 / 122	on demand

Personality kits, outdoor Control panel, indoor control panel, valve actuators, temperature sensors and extra 3 HP relays if needed.

Reference	Code	Model	High volt Circuits	3 HP rel kit / total	Feature circuits	Actuators circ std / opt / w.module	Euro
3015070617	H-52-0220	i55	filter + aux	0 / 5	0	0/2/5	on demand
3015070618	H-52-144	i9 + 35	filter + 8 aux	4 / 9	10	0/2/5	on demand

Expansion kits, additional auxiliary circuits for i9+3, i9+35 and i10+3D. Each extra kit requires a load center 520136 for wiring indoor panel.

Reference	Code	Model	High volt Circuits	3 HP rel kit / total	Actuators circ std / opt / w.module	Euro
3015070619	H-52-0142	i5x Exp	5 Aux	0 / 5	0/2/5	on demand
3015070620	H-52-141	i10x Exp	10 Aux	5 / 10	0/2/5	on demand

The logo for CARATERRA, with 'CARA' in blue and 'TERRA' in orange, set within a white rectangular frame with an orange border.

CARATERRA

A photograph of a poolside scene. A person is diving into a pool. In the foreground, a woman is relaxing on a lounge chair with a striped towel. A small table with drinks is next to her. The pool deck is paved with large, light-colored stone tiles.
