PRO-VAC

These patented vacuum heads will clean a pool bottom in up to half the time, even with low flow suction. Unique suction chamber concentrates vacuum velocity from both ends as well front to back. Has metal swivel handle on stainless steel shaft and strategically placed weights for balance and ease of operation. Adjustable wheels increase or decrease vacuum velocity and special flex strips guide debris into exclusive suction chamber. Swivel connection for 1 1/2" vac hose while 2" fits directly on body. Recommended by Service Pros throughout the world.
